Aquaculture 175 (1999) 365–366

Aquaculture

Contents of *Aquaculture*, Volume 175

VOL. 175 NOS. 1, 2 **30 April 1999**

Diseases, Parasites and Predators

Susceptibility of Atlantic halibut, *Hippoglossus hippoglossus* (L.) to infection with typical and atypical *Aeromonas salmonicida*
I.R. Bricknell, T.J. Bowden, D.W. Bruno, P. MacLachlan, R. Johnstone and A.E. Ellis (Aberdeen, UK) 1

Bioaccumulation of trimethoprim, sulfamethoxazole and *N*-acetyl-sulfamethoxazole in *Artemia* nauplii and residual kinetics in seabass larvae after repeated oral dosing of medicated nauplii
M. Touraki, I. Niopas and C. Kastritsis (Thessaloniki, Greece) 15

Economics and Marketing

Comparing Asian shrimp farming: the domestic resource cost approach
B.-H. Ling (Taichung, Taiwan), P.S. Leung and Y.C. Shang (Honolulu, HI, USA) 31

Genetics and Breeding

Genetic variation in lytic activities of blood serum from Nile tilapia and genetic associations with survival and body weight
J. Chiayvareesajja, K.H. Røed, A.E. Eknath, J.C. Danting, M.P. De Vera and H.B. Bentsen (Ås, Norway) 49

Aberrant meioses and viable aneuploid progeny of induced triploid loach (*Misgurnus anguillicaudatus*) when crossed to natural tetraploids
Q. Zhang and K. Arai (Higashi-Hiroshima, Japan) 63

Husbandry and Management

Foraging, growth and survival of Atlantic cod larvae reared in different prey concentrations
V. Puvanendran and J.A. Brown (St. John's, Canada) 77

Rigor in Atlantic salmon as affected by crowding stress prior to chilling before slaughter
P.O. Skjervold, S.O. Fjæra and P.B. Østby (As, Norway) 93

Optimal prey size for early turbot larvae (*Scophthalmus maximus* L.) based on mouth and ingested prey size
I. Cunha and M. Planas (Vigo, Spain) 103

Comparative growth and food consumption of diploid and triploid brook trout (*Salvelinus fontinalis*) monitored by radiography
R.A. O'Keefe and T.J. Benfey (Fredericton, New Brunswick, Canada) 111

Pelagic processes in extensive shrimp ponds of the Mekong delta, Vietnam
D.M. Alongi, P. Dixon, D.J. Johnston (Townsville M.C., Queensland, Australia), D. Van Tien and T. Thanh Xuan (Ho Chi Minh City, Viet Nam) 121

Nutrition

The effects of dietary lipid levels on the growth response of juvenile mud crab *Scylla serrata*
S.-S. Sheen and S.-W. Wu (Keelung, Taiwan) 143

Dietary threonine requirement of juvenile european sea bass (*Dicentrarchus labrax*)
E. Tibaldi and F. Tulli (Pagnacco, Italy) 155
The effects of temperature and dietary fatty acids on the fatty acid composition of harpacticoid copepods, for use as a live food for marine fish larvae
D.A. Nanton (Halifax, NS, Canada) and J.D. Castell (St. Andrews, NB, Canada) 167

VOL. 175 NOS. 3, 4 **15 May 1999**

Diseases, Parasites and Predators
Studies on morphogenesis and cellular interactions of *Rana grylio* virus in an infected fish cell line
Q.-Y. Zhang, Z.-Q. Li and J.-F. Gui (Wuhan, China) 185

Economics and Marketing
Technical efficiency of carp pond culture in peninsula Malaysia: an application of stochastic production frontier and technical inefficiency modelfs
M. Iinuma, K.R. Sharma and P.S. Leung (Honolulu, HI, USA) 199

Genetics and Breeding
Relationship between pre- and post-metamorphic growth in the Pacific oyster *Crassostrea gigas* (Thunberg)
B. Collet, P. Boudry, A. Thebault, S. Heurtebise, B. Morand and A. Gérard (La Tremblade, France) 215
Realized heritabilities and genetic correlation after dual selection for total weight and shell width in catarina scallop (*Argopecten ventricosus*)
A.M. Ibarra, J.L. Ramirez, C.A. Ruiz, P. Cruz and S. Avila (Mexico, Mexico) 227
Correlated responses at age 5 months and 1 year for a number of growth traits to selection for total weight and shell width in catarina scallop (*Argopecten ventricosus*)
A.M. Ibarra (Mexico, Mexico) 243

Husbandry and Management
Halophytes for the treatment of saline aquaculture effluent
J.J. Brown, E.P. Glenn, K.M. Fitzsimmons and S.E. Smith (Tucson, AZ, USA) 255
Rates and pathways of benthic mineralization in extensive shrimp ponds of the Mekong delta, Vietnam
D.M. Alongi, F. Tirendi and L.A. Trott (Townsville M.C., Queensland, Australia) 269
Feeding and growth responses of sea bass (*Dicentrarchus labrax*) reared by four feeding methods
M. Paspatis, C. Batarias, P. Tiangos and M. Kentouri (Heraclion, Greece) 293

Nutrition
Growth of the scallop, *Argopecten purpuratus* (Lamarck, 1819), in southern Chile
M.L. González, D.A. López, M.C. Pérez, V.A. Riquelme, J.M. Uribe (Osorno, Chile) and M. LePennec (Brest, France) 307
Quantification of vitamin C requirement for juvenile hybrid tilapia, *Oreochromis niloticus* × *Oreochromis aureus*, with L-ascorbyl-2-monophosphate-Na and L-ascorbyl-2-monophosphate-Mg
S.Y. Shiau and T.S. Hsu (Keelung, Taiwan) 317
Effects of dietary tannic acid and quebracho tannin on growth performance and metabolic rates of common carp (*Cyprinus carpio* L.)
K. Becker and H.P.S. Makkar (Stuttgart, Germany) 327
Growth of turbot (*Scophthalmus maximus* L.) during first feeding in relation to the proportion of *r*/*K*-strategists in the bacterial community of the rearing water
I. Salvesen, J. Skjermo and O. Vadstein (Trondheim, Norway) 337

Physiology and Endocrinology
A comparison of plasma glucose and plasma cortisol as selection markers for high and low stress-responsiveness in female rainbow trout
T.G. Pottinger and T.R. Carrick (Ambleside, UK) 351

Contents of *Aquaculture*, Volume 175 365
